Dear Parents and Carers,

[Helping your Child with Maths at Home*](#)

There are lots of amazing websites that can help children develop and strengthen their maths skills in a fun and engaging way. These sites offer interactive games, problem-solving challenges, and activities that match what pupils are learning in school. Using these websites at home is a great way for children to practise key skills, build confidence, and enjoy learning maths.

Here is the list of websites we would recommend:

***1 minute maths app by White Rose Education.**

This is a free app for KS1 pupils and allows them to practise the 4 operations in one-minute tasks.

[1-minute maths app | White Rose Education](#)

***Third Space Resources - Daily Maths challenge**

A new maths challenge is available everyday for students in Y3, Y4, Y5 and Y6 which allows them to practise and improve their skills.

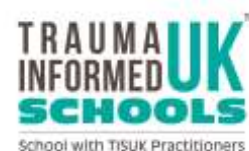

[FREE Daily Maths Challenge | KS2 | Third Space Learning Resources | Maths Hub | Third Space Learning](#)

***BBC Bitesize**

A wide selection of short videos, games and quizzes that can be filter my year group and topic.

[KS1 Maths - BBC Bitesize](#)

[KS2 Maths - BBC Bitesize](#)

***NRICH - created by the Cambridge Maths Project**

This is a free website which encourages pupils to think like mathematician, become 'good thinkers' and helps build their curiosity about the world around them.

[Topics in Mathematics - Primary students | NRICH](#)

***Corbett Maths Primary**

This is a website created by a teacher which is home to 1000s of videos, worksheets and many more resources.

[Corbettmathsprimary - Videos and Worksheets](#)

***Topmarks**

Maths game, quizzes and activities that you can search by year group.

[Maths - Topmarks Search](#)

***TTRockstars**

Times table Rock Stars is a fun and engaging way to learn and practise times tables. This app is suitable for age 6 upwards. The pupils have all been given their log in but please ask your teacher if they need it printing again.

Please encourage your child to explore these fun and educational maths websites at home — as always, we truly appreciate your help and support in making the children's learning enjoyable and successful.

Thanks

Mrs Fothergill

Maths lead for the school
