Well done to all this week's Merit Award Winners!

A huge well done to all of the pupils who received certificates this week. It is great to see so many children showing fantastic examples of our learning mindsets; **Respect, Responsibility and Resilience**

REMINDER: We are looking to appoint an enthusiastic **Midday Supervisory Assistant** to join our lunchtime team.

The successful candidate will work as part of our lunchtime team; supervising children during the lunch break. Duties include supervising children eating their lunches in the school dining area and also supervising and engaging with children in play activities in outside areas. At Ecclesfield Primary, we understand that play is a vital part of a child's development. Playing helps children's brains to develop and their language and communication skills to mature. We are looking for someone to join us who wants to work directly with the children, lead play activities and oversee the children. Duties are in the classroom, halls and playground.

The successful candidate will understand how to

- Work well in a team
- Communicate effectively with children
- Promote positive behaviour
- Encourage children to play well together

The school is committed to safeguarding and promoting the welfare and safety of children and young people and expects all staff to share this commitment. A clear enhanced DBS check is required for this post.

If you are motivated, enthusiastic and have high expectations of all our children, we would welcome your application. Please contact the school office for an application pack.

Application Deadline: 9.00am on Tuesday 28th January 2025

What have we been learning this week?

Year 3 have completed their mechanisms unit of work this week in Design and Technology. We have created our own animal toys which have an opening and closing mechanism powered by pneumatics. We have used balloons and syringes that push air into the toy to cause it to open. Some fantastic DT work Year 3. Well done!

Punctuality

Punctuality is extremely important so that your child has a good start to the day. At registration time, the teachers share the plans for the day ahead and learning begins straight away. If a child is not in school on time they will not know the daily timetable and they will also be late starting their learning.

Children arriving after registration will have to enter the school via the school office and will be registered as late.

Well done to Y2OT and Y2HW who are our attendance winners this week. Great work!
